25 This bill relates to electronic communication regarding
26 property that is assumed to be abandoned for purposes of
27 property held by a bank, financial institution, or business
28 association.

29 The bill defines "electronic messaging" to mean
30 electronic mail, text messaging, or other electronic means of
31 communication, including an online banking website application.

32 The bill provides that methods of communication between
33 an owner of specified forms of property and a banking or
34 financial organization or by a business association that can,
35 if certain circumstances are met, prevent the property from

1 being considered abandoned include electronic messaging along
2 with correspondence in writing. The bill also provides that
3 consent for renewal of previously held property between an
4 owner and a banking or financial organization or a business
5 association can be considered effective if notice was sent by
6 electronic messaging and the notice is not returned to the bank
7 for nondelivery.

8 The bill applies to electronic messaging sent or received on
9 or after the effective date of the bill.
